## LATEST NEWS . . .

Received from International News Service Over Special Teletype News Wire.

## Seven Radio Experts Killed

London, Jan. 7.—Seven radio experts were killed and a large number injured when two heavy bombs badly damaged the huge headquarters of the British Broadcasting Company in London's west end, it was learned today.

The injured included Fred Bates, NBC representative, whose voice is well known to American radio listeners. A hero of the attack was Bruce Belfrage, who calmly continued reading a newscast during the bombing.

The BBC made no attempt to minimize the damage and casualties, but emphasized that it carried on throughout the raid and afterward, despite the loss of walls, windows and ceilings in the gigantic building.

Many incendiary bombs were dropped after the first big one fell, starting blazes in the middle floors of the building which took six hours to extinguish.

Broadcasting House, the headquarters, has long been a favorite Nazi target because of its importance in dissemination of British news and propaganda. A new building of entirely modern construction, it is one of the city's showplaces.

## British Have Taken 94,000 Italian Soldiers

## MORRISVILLE LEGION TO CANVASS FOR FOOD

Second Annual Solicitation For Canned Goods To Be Held This Month

WILL START JANUARY 21

MORRISVILLE, Jan. 7.—The second annual canned goods drive to be conducted again by the Willet C. Sanford Post, No. 433, American Legion, will take place on Tuesday evening, January 21, Chairman Harry Lair announced today.

The Legion is conducting the drive for the local Red Cross chapter, and all goods collected by the men will be turned over to the Red Cross, for distribution to the needy people of Morrisville and vicinity. Over 2,400 cans were collected two years ago and the stock is just about exhausted now. So, at the request of the Red Cross, the Legionnaires are again making the canvass.

Only canned goods and jars will be collected, Lair states. The drive will be a house-to-house affair, starting at 6:30 o'clock on the night of January 21, and continuing until each home in the borough and surrounding territory is contacted. Chairman Lair anticipates an even better response to the drive than the one in 1939, and residents are asked to give as much as possible.

Plans are now being completed by the various captains of the ward teams for their canvass. Chairman Lair has appointed the following ward captains, each of whom will have many assistant Legion men on their team:

First Ward, John Gear; Second Ward, Walter Barber; Third Ward, William H. Howell; Fourth Ward, Leo Smith. Caleb B. Cope will be captain of the territory that includes Edgemoor Gardens, Arborlea and other surrounding areas.

## Here and There in Bucks County Towns

A letter delivered to Mrs. Harold K. Hughes at her Solebury home, a few days ago, had an interesting journey.

The writer, Harold K. Hughes, Jr., second officer of the S. S. Comet of the Socony-Vacuum Oil Company, in sending the missive to his mother, stated that he and several other men had written letters which would be placed in a gallon pickle jar, sealed with sealing wax by the cook, and thrown overboard into the Gulf of Mexico. On the night of December 23, when the letter was written, the sea was so rough that waves were breaking over the bow of the ship.

It seemed impossible that the jar would ever be found, but on December 28 it was picked up off the coast of Florida by Captain C. Wilson of the yacht Gypsy Queen. Captain Wilson mailed the letters and packages at Miami Beach, after writing on each one:

Descendants of the late Frederick and Maria Hoover met on New Year's Day in Pleasantville Reformed Church, Eureka, with the descendants of the late Adeline Hoover Walter as hosts.

H. Clayton Hoover is president of the association, members of which were served a chicken dinner at noon.

A short program was opened with the singing of "Let a Little Sunshine In" with Irvin L. MacNair directing. A prayer by Rev. Walter K. Beattie, pastor of the church, was followed by the singing of "Blessed Assurance" and "Anywhere With Jesus."

Rev. Andrew J. Walter, Highland Park, N. J., spoke of some of the members of his mother's family.

With Donald Myers, class of '38, presiding and 50 alumni, in attendance, a meeting was held in the Doylestown high school auditorium on Thursday evening, when plans were made to organize a Doylestown high school alumni association on Easter Monday.

Chairman Myers named A. Fretz, chairman, and William Lukens, Catherine Roberts and Hugh Boyd as members of the organization committee whose duties it will be to ascertain the methods of organizing an alumni group.

John T. Welsh was named chairman of the publicity committee which will include Daniel D. Atkinson, Dr. William H. Fluck, David Whitnack and Jean Coulton, whose duties it will be to contact as many representatives of each class, in order to stimulate interest in the movement.

Chairman Myers, speaking of the need for a local high school alumni group, presented Allen P. George, high school instructor, who asserted that Doylestown, is about the only school in that section which does not have an alumni association.

A meeting of the Sigma Nu Chi Sorority will be held this evening at the home of Miss Evelyn Buck, Jefferson avenue. All members who wish to go bowling before the meeting are requested to meet at the home of Miss Buck at seven o'clock.

Mr. Halderman said that the W. P. A. authority in Reading suggested that the sum of \$4900, which would be the cost of the general grading, be done by private contracted labor. The WPA would furnish the sum of \$1500 toward the project which would reach about \$13,270, bringing it down to \$11,770. Itemized the figures ran as follows: \$1,000, tile; \$120, pits; \$200, seed; \$2,000, fence; \$2250, stands; and other materials.

President Satterthwaite said the school board has been slow to move in the construction of a new athletic field because conditions are so uncertain and that contracts can't be depended on due to the war conditions. He pointed out the WPA contract would not include the cost of the extra acre-and-one-quarter of land needed.

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

Distributed by McNaught Syndicate, Inc.

## Better To Be Calm

Washington, Jan. 6.

IN a period as critical as this, things are not improved by excited name calling; quite the reverse. Soon in Congress the question of how far and by what means our aid to Great Britain is to be expanded will be debated. It will help if that debate can be kept on a high level, free from cheapness and violence.

UNQUESTIONABLY the great majority of the people are in accord with the President's foreign policy, anxious to do everything possible to save England from defeat, convinced that our interests are inseparably linked with her fate.

Nevertheless, it should be remembered that there is a dissenting minority and that it is not composed of German agents, Communists or aliens, either in Congress or out.

NO one, for example, has the right to impugn the patriotism of such men as Senator Taft, Senator Wheeler, Senator Johnson, Senator Vandenberg, Senator Bennett Clark, Gen. Hugh Johnson and others who oppose our present foreign policy on the theory that it will get us into the war—and that at all costs we should stay out. This writer believes they are wrong and the President right, but neither the cause of England nor our own seems helped by the kind of vituperation and abuse which are becoming dangerously prevalent.

UNLESS this discussion is conducted with some degree of calmness, the heat engendered will keep the country in a turmoil certain to detract from the effectiveness of our defense effort and to enhance the dangers inherent in the situation.

FEES ARE DETERMINED

To Engage Instructors Skilled In Their Particular Line of Work

A total of 22 proposed courses was adopted by the Bristol Adult School committee, last evening, when officials met in the Bristol high school to complete plans for the sessions which are to get underway in the high school building on Monday evening, February 3rd.

The final registration day has been set for Wednesday, January 15th, the hours being from three to five and from seven to ten p. m., at the high school auditorium, although registration blanks may be used should individuals prefer, said blanks appearing in another section of this paper. It was decided by the committee last evening, that registration blanks sent in must be accompanied by the necessary fee. It is definitely stated that any individual registering for one course, cannot transfer to another course after sessions get underway. In the event there is an inadequate number of registrants for one course, the board of trustees reserves the right to withdraw the course. ## CLIPPER SHIP SPEED

Clipper ships of yore sometimes if not usually required months to cross the Atlantic. There was no means of communicating with land and those at home could only wait and hope. Modern clipper ships—of the air—are not always so fast, either. The other day the Atlantic Clipper plying between New York and Lisbon came into LaGuardia field, completing a round trip which took 23 days, a probable record for slow motion on the route. The plane brought 32 passengers and 2,800 pounds of mail.

A fairly fast tramp steamer could have beaten the Clipper's time for the round trip. On its flight from New York it was delayed six days at Bermuda by bad weather. Next day it reached Lisbon, waited another week for the weather, and started back. It had engine trouble at Horta and stopped some time to take on mail at Bermuda.

But the leisurely crossing and return are a good omen for trans-Atlantic aviation. Bucking the weather to keep fixed schedules might soon spoil a remarkable record of safe operation.

It is pleasant to hark back to the early days—the age of innocence—of aviation. The bombing plane was only an unpleasant possibility, not a horrifying fact. There were public excitement and enthusiasm over a trans-Atlantic flight, and there were no warnings that our big cities are only a few hours' bombing distance from Europe. Endurance flights were watched with more interest than they deserved and thousands turned out to see stunt flying which would be put to shame by any dog fight over England today.

Air meets of those distant times were notorious for their delays. Long-distance flights took weeks of preparation. An airplane, in those days, was a machine which traveled at startling speed while going somewhere, but spent a great deal of time getting started.

Aviation has made remarkable progress in a short time. Only the weather remains unimproved.

## CALENDARS

The gift of a calendar for the New Year offers people a kind of companionship lasting through that period of time. The ornate calendars that have appropriate quotations of poetry or of philosophy thought for every day or week are like some inspiring friend by one's side.

Persons who are busy with sordid cares of every day will not stop to read such quotations. But man should not attach his nose so closely to the grindstone of daily life that he fails to notice what wise men say about improving time.

Every day thus marked on the calendar is a kind of treasure. People can spend it wisely and get returns for their efforts, or they can waste it like foolish spendthrifts. Let the printed sheets of dates which are termed a calendar remind everyone every day in the year that time is passing and that it behooves all to get something valuable out of each day.

Although quite a number of days have passed since the Churchill throw-him-out speech, but so far the Italians have taken no action. It wouldn't be surprising, however, to learn that the Duce sits with his back to a wall.

## AT THE CAPITOL

By International News Service  
HARRISBURG, Jan. 7.—Possibilities of a first class struggle were in the making in the State Senate as the General Assembly prepared to meet.  
The threat of a fight centered around reported plans of some Republican leaders to question the right of Senator-elect Harry Shapiro, Philadelphia, to take his seat.  
Shapiro is the Democratic floor leader and chief strategist of the minority forces.

The Philadelphia Registration Commission attempted to prevent Shapiro from running for re-election last November on the grounds he was not a resident of the district in which he was a candidate.  
Shapiro denied this and a Common Pleas Court upheld him.  
The registration commission appealed the case to the State Supreme Court and a decision was being awaited on the eve of the Legislature's meeting.

New Senators usually get a seat in the rear row... but former Republican state chairman M. Harvey Taylor, Dauphin, will get special dispensation.  
He doesn't want to be bothered by local patronage seekers who lean across the rear railing to ask a favor.

U. S. Sen. Joseph P. Guffey, junior senator from Pennsylvania, broke a 100-year record when he was sworn in for a second term in the United States Senate.  
He was the first Democrat since James Buchanan, who later became President, to serve two terms.  
Only three Democrats served in the Senate from Pennsylvania between the terms of Buchanan and Guffey.  
They were Edgar Cowen, C. R. Buckalew, and William A. Wallace.

A native of Pennsylvania is expected to play an important part in the nation's two-ocean defense program.  
He is Admiral Harold Raynsford Stark, naval chief of operations.  
Stark is a native of Wilkes-Barre.  
He succeeded Retired Admiral William D. Leahy, now U. S. Ambassador to the Vichy Government of France, as chief of naval operations.  
In August, 1939, the President jumped him to the No. 1 place from No. 55 on the Rear Admiral list.

An attempt will be made at the 1941 Legislative session to strengthen the "blue law" of 1794 which bans Sunday opening of commercial establishments.  
The Rev. William B. Forney, secretary of the Lord's Day Alliance, said his organization would seek to increase the fine for violations, which is four dollars.  
He has been assured of support from both Republican and Democratic leaders.

phia area before his transfer to Harrisburg in 1937 as general commercial manager. A year later he was named head of the Central Pennsylvania area.  
As successor to Mr. Cox, Mr. Gillen advanced in a telephone career which began in 1923 as a clerk in Philadelphia. After holding various posts he was made general sales manager in Philadelphia ten years later. He then became division manager, Philadelphia, and general commercial manager, Harrisburg. In 1938 he was named to his present post of assistant vice-president.

Mr. Badger's telephone work began in 1928 as an engineering assistant. Since that time he has held a number of posts in Scranton, Pittsburgh and Philadelphia. Mr. Clark, who started as an installer in 1923, was district engineer in Carnegie and Greensburg before being named district plant superintendent in suburban Pittsburgh in 1929. He was promoted to division plant superintendent in 1936 and, in 1938, head of the plant department in the Western Pennsylvania area.

## "Spoon Victuals"

By Frances Lee Barton

"SPOON Victuals," grandfather called them. "Preserves," said Dad. "Jams and Jellies" are the popular names with the present generation. But no matter what name you use, those spreads for breads and biscuits are as popular today as they were hundreds of years ago. You "can't can" too many of the following:

**Cranberry Jam**  
Spiced Cranberry Jam  
Cranberry Conserve  
7½ cups (3½ lbs.) prepared fruit; 5½ cups (2½ lbs. 6 oz.) sugar; ½ bottle fruit pectin.  
To prepare fruit, add 4 cups water to about 2 pounds fully ripe cranberries. Bring to a boil, cover, and simmer 10 minutes. Sieve pulp for jam, if desired. (For Spiced Cranberry Jam, add ½ teaspoon ground cloves and 1 teaspoon cinnamon, or 1½ teaspoons of any desired combination of spices; for Cranberry Conserve, add 1 cup chopped seeded raisins.)  
Measure sugar and prepared fruit into large kettle, filling to last cup with water if necessary. Mix well and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 1 minute. Remove from fire and stir in bottled fruit pectin. Skim; pour quickly. Paraffin hot jam at once. Makes about 12 glasses (6 fluid ounces each).

Mayor LaGuardia to William Allen White as having "done a Laval." If Mr. LaGuardia can say that kind of thing about a man like Mr. White, who is on his own side, the language he is prepared to use about those on the other side obviously would not be fit to print. The fact is that Mr. LaGuardia would have to climb considerably to reach the level of unselfish patriotism upon which Mr. White lives. And nothing Mr. LaGuardia might say about Mr. White would diminish the respect and regard in which he is held.

BUT it is bad stuff nonetheless, well calculated to inflame hatred and provoke retaliatory denunciation. There are in the country a great many violent and unthinking people on both sides. That sort of talk from a conspicuous public man breeds intolerance and encourages violence. Anyone who writes or speaks on this subject of aid to England can testify to the number of people who feel passionately about it and are unable to tolerate those who do not agree with them. There is no better illustration of this than the denunciation letters that flood the mail of anyone who expresses his convictions on this subject in print.

THE following, selected from a number, is printed merely because it is typical:  
"SOUTHERN PACIFIC COMPANY  
"Los Angeles, Cal., Dec. 29, '40.  
"Frank R. Kent, Washington, D. C.:  
"You dam, dirty traitor. If you want to help the English so bad why don't you go to Canada or

England and get into their army? You wanting to send stuff to them in our ships and conveyed by our navy, didn't we get enough in the last war by the name callers when we wanted to collect. Is there any American blood in your veins or is it just English blood together with a mixture of polecat? You dirty cowardly traitor and British propagandist. You and some more rats like W. A. White, Y. F. Elliott and the rest of the traitors should be tried for treason and if we get into this war thru the propaganda route of such traitors you should be tried for treason and you probably will be before we get out of it. There is no room in America for such dam dirty traitors as you and your type. Go back to Britain you dirty un-American and British propagandist. Traitor, traitor, traitor—Benedict Arnold Kent, the enemy of America and its people.  
Robert M. Harrison."

AND here is another, from Jacksonville, Fla.:  
"We are disappointed now in your column since you are in cahoots with Mamon serving Jewy Roosevelt and co-operating with his war mongers for aid to Jew ruled Britain to continue war.  
"The J. L. C. Club,  
"E. Kider, Organizer."

THESE letters are not important. They do not even make sense. Nevertheless, the number of them that pours in evidences the feeling that exists and suggests that sensible men on both sides of this debate would do well to refrain from personal bitterness.

By BETTY BARCLAY

A New Year surely calls for new delicacies on the table. The following tested recipes have been chosen carefully and are offered as 1941 treats:

**Hawaiian New Year's Cup**  
2 oranges  
Whole cloves  
1 cup sugar  
2 cups water  
3 cups canned unsweetened Hawaiian pineapple juice  
Juice of 1 lemon  
Grated nutmeg  
Wash oranges and stick with cloves. Bring sugar and water to a boil and add oranges, cover and simmer until oranges are tender. Remove oranges, strain liquid in which they have been simmered, add to pineapple juice which has been brought to a boil, but not boiled. Stir in lemon juice. Serve hot in small cups with a dash of nutmeg. Cut oranges in small pieces and add one or two to each cup. Yield: 1 quart.

**Lima Puree**  
2 cups cooked, dried Limas  
4 cups hot water  
1 tablespoon grated onion or onion juice  
1 tablespoon butter  
2 tablespoons flour  
½ teaspoon pepper  
½ teaspoon salt  
Rub Limas through a coarse strainer; add hot water, salt, pepper and onion. Heat to boiling point. Melt butter, add flour, stir until smooth, then add to hot soup, and cook 5 minutes longer, stirring constantly.

**Sea Food Cocktail**  
1 cup shrimp, lobster, crab, tuna or a combination of these  
½ cup finely cut celery  
½ cup tomato catsup  
1 teaspoon Worcestershire sauce  
½ cup lemon juice  
1 tablespoon finely cut chives or onion  
Mix ingredients. Chill thoroughly. Serve in cocktail glasses. Accompany with lemon quarters. (Serves 4-6.)

**Magic Fruit Cake**  
1½ cups (1 can) sweetened condensed milk  
1 cup chopped walnut meats  
½ pound (3 cups) shredded coconut  
1 pound (2 cups) pitted dates, coarsely chopped  
Thoroughly blend sweetened condensed milk, chopped walnut meats, shredded coconut, and dates which have been coarsely chopped. Pack in a greased loaf pan (8x5x3 inches). Bake in moderately hot oven (375° F.) 25 minutes, or until brown. Remove from pan and allow to cool thoroughly. Cut into thin slices.

**Ginger Way**  
1 household rennet tablet  
1 tablespoon cold water  
1 pint milk (ordinary or homogenized)  
3 tablespoons sugar  
1 teaspoon vanilla  
½ cup whipped cream  
4-5 ginger snaps  
Preserved ginger  
Break a ginger snap into each dessert dish. Make rennet-custard according to directions in package. Pour at once over ginger snaps. Do not move until firm—about 10 minutes. Then chill in refrigerator. When ready to serve, top with whipped cream and a bit of grated preserved ginger.

**New Year's Coffolate**  
Here's a tempting hot coffee punch to serve your friends when they toast the New Year. You'll start 1941 with a reputation for consideration if you make your brew of decaffeinated coffee, so that enthusiastic well-wishers may enjoy second and even third cups with no fear of sleeping problems later on.  
1 cup strong decaffeinated coffee  
2 squares unsweetened chocolate  
3 tablespoons sugar  
Dash of salt  
3 cups milk  
Make decaffeinated coffee extra strength, using 1½ tablespoons for each cup, ½ pint water. Add chocolate to coffee in top of double boiler and place over low flame, stirring until chocolate is melted and blended. Add sugar and salt, and boil 4 minutes, stirring constantly. Place over boiling water. Add milk gradually, stirring constantly; then heat. When hot, beat with rotary egg beater until frothy. Serve hot. Top with whipped cream, if desired. Serves 4.

## Alfred Nunamaker Featured As "Artist of The Month"

The January exhibit of the New Hope Art Associates of New Hope, features Alfred Nunamaker as Artist of the Month.

Mr. Nunamaker is well known among the artists of Bucks County as a painter of local scenes. His snow-covered winter landscapes are characteristic of some of his finest work, and several such canvases will be hung in the Gallery during January.

Alfred Rollo Nunamaker was born in Akron, Ohio, June 19, 1915. He came to New Hope in 1923. Under the careful eye of his artist father he began his painting when twelve years of age. His canvases have been exhibited in Philadelphia, Newark, New York, Trenton and vicinity. His work has been devoted to landscape painting and oil is his medium. He is especially interested in snowy wintry scenes and in evening and stormy skies. He worked with George Sotter in his stain glass studio for two years. At present he is associated with the Hoedt Studio in Philadelphia as a commercial artist.

The following canvases by Mr. Nunamaker are among those hung in the Gallery during January. The material for "Province of New Brunswick" the central picture of his exhibit was obtained on a trip through central New Brunswick, Canada. Mr. Nunamaker was greatly impressed by the unpainted, weatherbeaten old fisherman cottages and boat-houses. A compliment on this painting was exhibited in Trenton when a young woman returning to the canvas insisted that the clouds had shifted since first she studied it!

When the Delaware River is full of ice and snow, Alfred Nunamaker will probably be somewhere nearby painting. This canvass, "Frozen River," painted to a great extent with a palette knife, shows the river in one of its most picturesque forms.

"Winter" painted on one of the coldest days last winter, shows one of the lovely old homesteads located along the Neshaminy.

An 8x10 entitled "Barnegat Bay" was painted from Long Beach Island just previous to a thunder storm. An interest in gray days caused the artist to paint "Winter Fog," the icy Delaware on a cold winter afternoon when the mist was closing over the river. "The Old Barn" in winter is one of the picturesque old buildings in Jersey. "Dalhousie" another Canadian sketch shows the lovely clear color of that country. It was painted at the mouth of the Matapedia River.

One of the hottest New York night clubs of Swing Alley recently moved to Hollywood, when Ben Hecht re-

Barton MacLane, who will be seen as a "heavy" in Republic's "Gangs of Chicago," an exciting action film which will start today at the Ritz Theatre for a run of one day, doesn't dislike playing toughs on the screen, but drops the characterization as soon as he steps away from the front of the cameras.

### BRISTOL THEATRE

With Victor Mature and Louise Platt sharing stellar honors and a strong supporting cast featuring Leo Carrillo, Bruce Cabot, Vivienne Osborne, Robert Barrat and Miles Mander, Hal Roach's sweeping sea epic, "Captain

Caution," will have its initial showing at the Bristol Theatre today through United Artists release. The new film production was photographed from the famous novel by Kenneth Roberts and was transferred to the screen from a scenario written by Grover Jones.

The story revolves around the romance and adventure in the lives of Victor Mature, portraying the title role, and Louise Platt, playing a high spirited girl, who takes her father's place as captain of the Olive Branch when he is killed in a sea battle.
